

Dear Parents/Carers,

During the summer term when children were unable to attend school, we used SeeSaw as an online platform to provide your child with educational activities. This was well received by children and parents and children engaged really well. In the event that your child's class needs to be taught remotely, we will continue to use SeeSaw as our platform for doing so.

Seesaw (<http://seesaw.me>) is a secure online journal where students can document and reflect on what they are learning in class. Your child will be able to add the things we work on (including photos, videos, worksheets, drawings and voice recordings) to their Seesaw journal and we can share them privately with you and other family members to view and comment on throughout the school year. Your child's class teacher will post videos and links to lessons each day.

In order for your child to use Seesaw, the app needs your child's name in order to be able to associate work like their photos, videos or voice recordings with their account. Seesaw only uses this information to provide the service and doesn't advertise in Seesaw, create profiles of students, or share or sell your child's personal information or journal content. You can read more about their strong privacy promises here: <https://web.seesaw.me/privacy>.

Under an EU law called the General Data Protection Regulation (GDPR), in order for your child to use Seesaw, the school must get your consent. For more information on GDPR, please visit <https://ec.europa.eu/info/law/law-topic/data-protection/reform/rights-citizens>.

I hope that your child will continue to enjoy using Seesaw to document and share their learning. Please reply to this email to state that you give consent for your child to use SeeSaw for class activities if needed.

'I give consent for my child _____ to use SeeSaw for remote learning.'

Many thanks,

S. Wilkins
